Hello Possum,

How is the  
Koonin country? I  
believe I will go and  
visit Frank and Mrs  
Lane at Westport. - go  
next Saturday and stay  
over till Monday - just  
to see the beautiful new  
England country. I have  
written to the Koon girls  
this evening. Have written  
fifteen letters yesterday

and today - I think  
a gold pen works  
faster than any other  
I have used nothing else  
these three months, but  
I have grown shamefully  
careless in handling it  
lost all resemblance to  
"copper plate."

This morning, dear,  
I went and heard Dr.  
Parkhurst - a most  
wonderful man; and  
this afternoon to old  
Trinity: where the music  
was sublime after service  
walked on down to the  
Battery park where I

soaked in the fresh sea air and  
watched the stately ships pass by  
and old Sol on his last gasp  
~~threw~~ out golden arms and  
embraced the statue of Liberty.  
What a wonderful harbor that  
is — I do enjoy myself so much  
proving round alone.

Now I must say goodnight,  
dear, as it is getting late.  
This is the last night of June.  
A loving kiss, from your own Grace
